PROFESSIONAL SUMMARY

Computer Science & Engineering student with hands-on experience in Java web development and data analysis. Developed a functional Online Examination System using Java, JSP, Servlets, JDBC, MySQL, Maven, and Apache Tomcat. Currently building practical skills in Python, NumPy, Pandas, and Matplotlib. Seeking software development or data-related internship opportunities to apply technical skills, solve real-world problems, and gain industry experience.

EDUCATION

Computer Science & Engineering (B.E) [3rd YEAR]

Dr. Bhimrao Ambedkar University, Agra

Expected Graduation: 2028 | **CGPA: 7.0/10**

Class X: **72**

Class XII: **62**

TECHNICAL SKILL

Programming Languages: Java, Python, SQL

Web Technologies: HTML, CSS3, JavaScript, JSP, Servlets

Database: MySQL, JDBC

Data Science: NumPy, Pandas, Matplotlib, Exploratory Data Analysis (EDA)

Tools & Technologies: Git, GitHub, Maven, Apache Tomcat, NetBeans, Bootstrap

TRAINING

Data Science Summer Training — Softpro India, Lucknow

- Gained practical exposure to Python-based data analysis.
- Worked with NumPy, Pandas, and Matplotlib.
- Learned basic data preprocessing, analysis, and data visualization techniques.

PROJECTS

Online Examination System

Technologies: Java, JSP, Servlets, MySQL, JDBC, Maven, Apache Tomcat

- Developed a web-based online examination platform supporting student registration, login, online examinations, and result generation.
- Implemented an admin panel for adding, viewing, editing, and deleting examination questions.
- Integrated MySQL using JDBC for managing student and examination data.
- Implemented automatic score calculation and result display after exam submission.
- Used Git and GitHub for source code management and project documentation.
